Global Solutions with Trust and Quality

Your International Partner in Furniture Accessories and Project-Based Manufacturing

With our export operations based in Istanbul, Turkey, we deliver high-quality furniture accessories to global markets. At the same time, our production facility located in Ruse, Bulgaria, specializes in project-based manufacturing – including tailored solutions for IKEA and similar large-scale clients.

Backed by years of industry experience, we offer flexible and innovative approaches to a wide range of projects involving metal, aluminum, and plastic materials.

Powered by production, our company delivers:

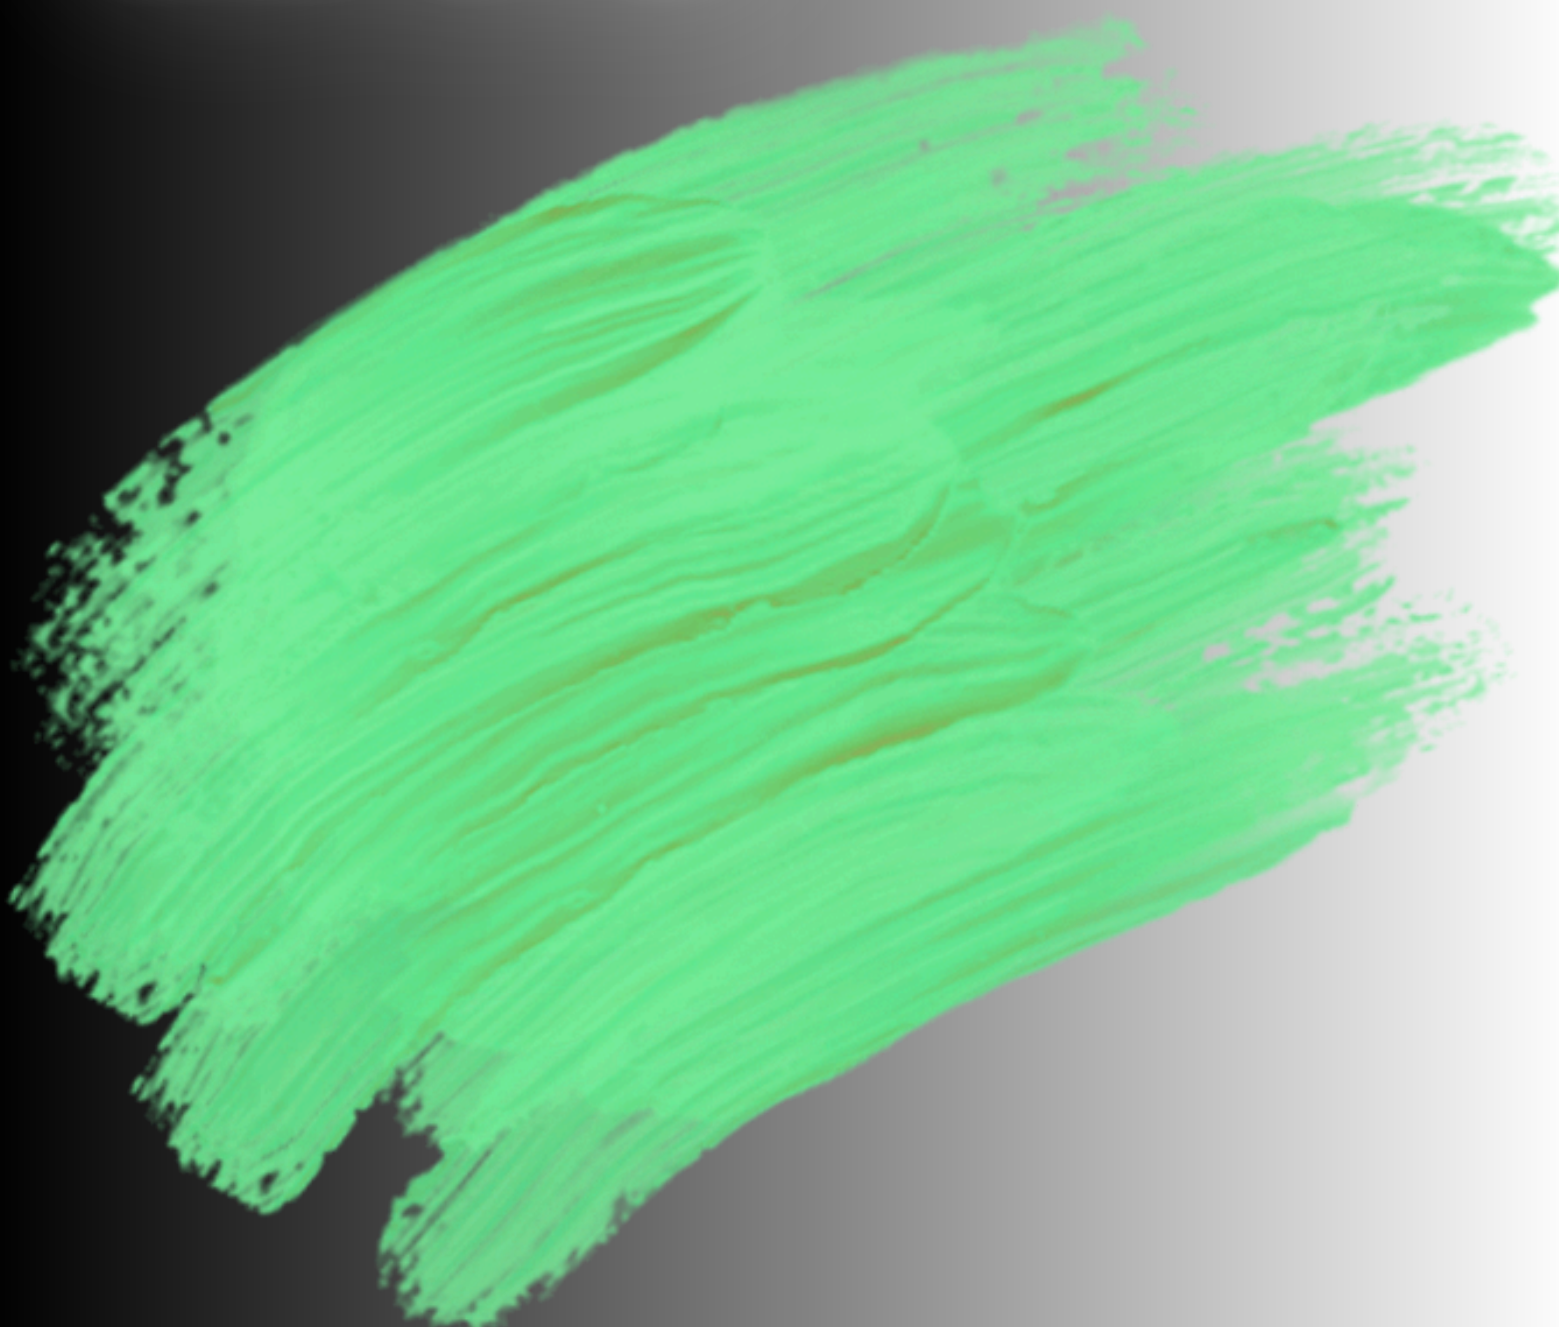

- * Integrated solutions for global brands
- * High quality and on-time delivery
- * Original designs and technical expertise

With a project-specific approach and a broad production scope, we aim to be not just a supplier, but your trusted solution partner.
